THE CHALET

Chalet Bergeronnette oozes contemporary alpine charm, with vaulted ceilings in the living area and a feature fireplace that nicely separates the dining space. As the chalet is newly built it is the perfect choice for a party that prefers modern interiors without losing a sense of place. Bergeronnette retains the cosy warmth of a chalet without compromising on high quality fixtures and fittings. The large open plan dinning area is perfect place to spend your evening taking your time over dinner and catching up on the days skiing adventures. All seven bedrooms are en-suite, and some have private terraces. Most of the beds can be made up as twins or doubles which make this a very versatile option for groups. Outside on the spacious terrace is a large jacuzzi, just the spot to soak aching muscles with a glass of something fizzy at the end of the day. The chalet also has a spacious sauna

Although the property is not in the centre of Méribel our driving service takes all the stress of getting to and from the slopes. You can also ski back very close to the chalet and if you want to go into town returning later in the evening then the ski bus stop is also very close by. Chalet Bergeronnette is the perfect property for large groups of friends or a few families wanting to experience Meribel.
