# THE CHALET

Chalet Phoebe was totally renovated in 2018, creating a modern open plan kitchen looking through to the spacious dining area with a huge rustic wooden table. The living area is extremely comfortable with plenty of seating for a larger party. The focal point of the spacious and very light room is the rustic fireplace, just the spot for relaxing after a tiring day on the mountains. It is the perfect place to put your feet up in front of the fire enjoying a gin and tonic or glass of fizz unwinding before dinner begins.

The accommodation is spaciouly arranged over four floors with one double/twin bedroom on the ground floor, two doubles and two double/twins on the first floor, and a large master double suite at the top. The bedrooms and bathrooms are modern and stylish, incorporating a bath with overhead shower in all but the top floor suite. All the bedrooms have access to a balcony, with stunning views of the resort.

A separate TV area is always a great bonus in a chalet, especially if you have small children who need entertaining. The room has large, comfortable sofas and is a great chill out zone for both adults and children alike. The hot-tub on the deck outside is set on a south facing terrace accessed through the living area and with stunning views across the valley.
